

FEARLESS

HOW TO TURN FAILURE
INTO SUCCESS?

Christy Sanderson

Failure isn't final, but it can feel that way if you allow it.

Failure has much to teach you if you're willing to accept it as a part of the success process.

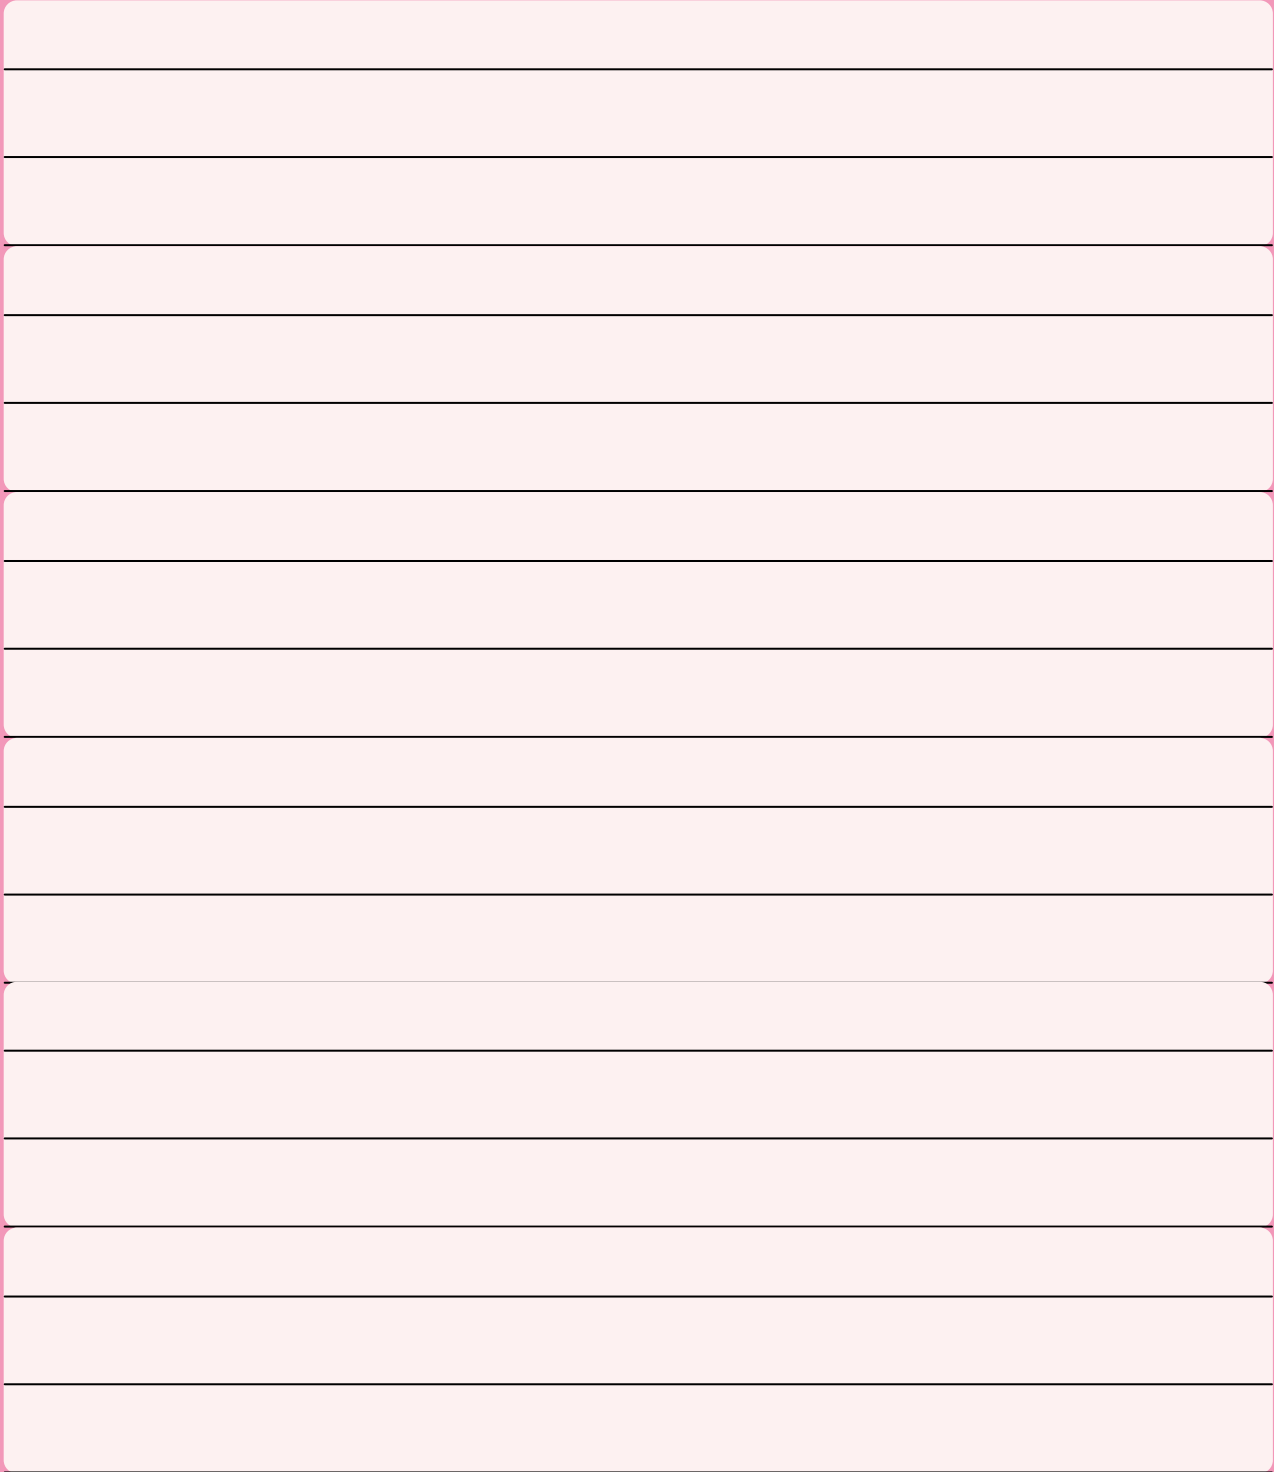

The most successful people have endured the most failure and are able to make the most of their failures.
Everyone fails.

Those that learn to manage it enjoy the greatest successes.

My Notes

A vertical stack of 20 horizontal white lines on a pink background, serving as a template for notes. The lines are evenly spaced and extend across most of the width of the page, leaving a small margin on the left and right sides. The top line is slightly thicker than the others, possibly indicating a header or a starting point for writing.
